I believe this return correct as to the number and the other particulars. As full as I could obtain them - in many cases the parties refused to answer the questions - in others the certificates were sent for by other persons who could not answer for them. I know of no way to get re-full returns so long as the certificates can be obtained with the questions unanswered.

Town Clerk.

I hereby certify that the above return is correct according to the best of my knowledge and belief.
